Lomandra School is a P4 school for ED/BD students Years 5-12. From 2012 there will be 63 students, with seven BD classes and two ED classes. The school also supports the Sherwood Program, a single class off-site program for five students-in-care, living in a closed and secure setting. Lomandra also manages the Campbelltown Suspension Centre and has oversight of a regional behaviour team, a regional transition support team and a regional Out-of-Home-Care teaching position.

The students are referred to Lomandra via a regional process and their length of stay varies, with a current minimum enrolment of one year. Many students maintain their enrolment with their home school. Lomandra operates an integration model of support where the majority of students are expected to return to their home schools each Wednesday. There is a high turnover of teaching staff, relative to local mainstream schools. Each classroom teacher is supported by a School Learning Support Officer.

The students at Lomandra are preparing for life beyond school by taking part in challenging learning experiences that extend practical and academic skills, strengthen resilience and emotional intelligence, and promote social responsibility.

### SCHOOL IDENTIFIED PRIORITY AREA/S

1. Literacy and Numeracy
2. Student Engagement and Attainment
3. Leadership and Management

### INTENDED OUTCOME/S

1. Improved levels of literacy and numeracy achievement for students
2. Improved student engagement in learning and increased student attainment
3. Increased capabilities of staff to lead and manage
<table>
